LITE BOAT

TRANSPORT

DELIVERY

Congratulations on the purchase of your LiteXP! We trust you will enjoy your new boat for many years to come. Take the time to familiarize yourself with the many features of your new LiteXP. It will take between two and three hours to prepare and set up your boat.

Before picking up your boat, please review the information and advice below. We recommend that you speak to your insurance agent and obtain insurance including the coverage required to transport transporting your boat and trailer.

Before picking up your boat, please bring with you:

- License plate for the trailer
- 2 ratchet tie-down straps
- 5 pieces of foams (or carpet) protection to protect the boat from contact with the straps
- 4 tie-down straps or bungee cords to secure the mast
- Carabiner to attach the security chain of the trailer to your vehicle
- A seven-pin electrical connector
